## SD61 Pathways & Partnerships Maker Grants 2021

Pathways & Partnerships

This \$2000 grant is intended to give SD61 Elementary School Teacher Librarians the money they need to create sustainable, innovative Maker Centres in their school.

For details contact, Bonnie Alexander, [boalexander@sd61.bc.ca](mailto:boalexander@sd61.bc.ca)

# Middle School Programs

Living a balanced life means taking care of your emotions, body, mind and spirit. Use the wheel below to create a vision board of the things that you do to support your well being.

**Spiritual**-How do you nourish your spirit? For example, is it through the love and connection you share with others, the positive feelings you get when you are doing things you love, or connecting with your inner self?

**Physical**-How do you keep your body strong and healthy? This may include exercise, eating healthy food, and getting enough sleep.

**Emotional**-How do you deal with stressful or challenging experiences? For example, do you reach out to get help from others you can rely on, create art, play music, or go for a walk? What do you do to help yourself to find calm?

**Mental**-Do you think that you can train your brain to pay attention to what is going on around you? What positive advice can you give yourself when things get tough or challenging? Can you catch yourself when you are talking negatively to yourself?

**Le savoir des peuples autochtones**

**L'ours - J'écoute mon Coeur. Comme l'ours, je sais quand je dois me reposer dans ma tanière.**

L'ours est un animal solitaire et son don au processus d'apprentissage est la conscience de soi. Cela veut dire être capable de donner un sens à la vie, de démontrer de la créativité et d'agir avec intention.

Les élèves qui ont un lien profond envers la conscience de soi sont capables de faire de la place pour la créativité dans leur vie, ce qui les rend capables d'agir avec intention. Afin d'en faire l'expérience, les apprenants et apprenantes doivent être dans un endroit où ils et elles se sentent encouragés et valorisés, et dans lequel ils et elles sont habités d'un sentiment d'appartenance.

**Le corbeau - Je suis créatif (créative) et j'ai des idées intéressantes. J'ai confiance en moi-même**

Le corbeau est un oiseau ingénieux et il représente nos talents uniques; qu'ils soient scolaires, professionnels, athlétiques ou dans une autre catégorie.

Le corbeau tresse ensemble le savoir émergent, vieux et nouveau pour créer un panier de talents, de possibilités et de capacités. Un principe clé de son don au processus d'apprentissage est de reconnaître que l'histoire orale, l'art, la mémoire et la culture font partie de l'apprentissage.

## SD61 MIDDLE SCHOOL + UVIC ENGINEERING CHALLENGE

Contact: Bonnie Alexander,  
balexander@sd61.bc.ca

Students design innovative  
solutions to real world problems.

Mentorships with UVic  
Engineering professors and  
university students.

Video submissions due: Jan 30th, 2021

One Learning Community

**2019-20:**  
**Over 25% of high school students involved in one or more opportunities**

**Work Experience**  
 Work Experience 12A and 12B are courses that enable you to experience 100-120 hours of on-site job training. Gain skills, experiences, and references

**TASK**  
 Trades sampler: Carpentry, Plumbing, Electrical, Sheet Metal, Welding. Hands-on, project-based learning. Certifications, Work Experience, 24 credits at Lambrick Park

**Youth WORK in Trades**  
 Become a youth apprentice and earn money while still in high school. 16 credits, and a possible \$1000 scholarship can be obtained

**uStart**  
 Partnership with UVic, where students can pick two courses, from over 250 first and second year options, to take during their grade 12 year. Tuition fees are sponsored by the district. Students apply in grade 11.

**Youth TRAIN in Trades**  
 Trades programs that allow students to take a Level 1 or Foundation trades program at Camosun. This dual credit program provides high school and post secondary credits

**AutoTech Program**  
 Automotive Service Technician Program at Esquimalt and Camosun. Finish with work experience, Level 1 AST technical training, and 28 high school credits

**Dual Credit Courses**  
 Academic post-secondary programs taken at a student's home school, at Camosun, or online with tuition fees sponsored by the district. An opportunity to explore a future pathway

**Dual Credit Programs**  
 Academic post-secondary programs taken at Camosun with tuition fees sponsored by the district. An opportunity to explore a future pathway \*See offerings on back side of sheet\*\*

**Aviation Program**  
 Explore the aviation industry through work experience, a dual credit engineering course (TEAC 105), and hands-on training at Mount Doug. Earn 20 high school credits

**(TALE) Program**  
 Tourism and Leadership Exploration summer program. Courses taught by Westcoast Adventure College and work experience placement provide 8 credits and valuable experience

**Graphic Design Program**  
 Foundation of graphic design knowledge. Courses taught by Pacific Design Academy and local work experience placement provide 8 credits and valuable experience

**TEAC 105**  
 Engineering sampler, project-based course offered at Camosun Interurban on Friday afternoons. Civil, mechanical, electronic and computer science engineering are sampled

QUESTIONS?

Contact: Lindsay Johnson, [ljohnson@sd61.bc.ca](mailto:ljohnson@sd61.bc.ca)

**Research shows us that students who participate in 4 or more career related learning activities were 25% less likely to be become not in employment, education or training after high school.**
